# Six Small Yeses

*A one-page summary for the MTCA presentation*

## THE 30-SECOND PITCH

Next August, clans of McKenzie Towne teens will race through our own parks, from Firetruck Park to the castle ruins on Elgin Hill, to recover the stolen *Lantern of the North*. Neighbours cheer from their porches, and the Towne gathers at dusk to see it relit. **Teens plan and run it. Adults support. Neighbours join in.** It's built to **build community, build neighbour relationships, and build youth**.

## WHAT WE'RE ASKING OF MTCA: SIX SMALL YESES

| # | The ask | What MTCA actually does | Effort |
|---|---|---|---|
| 1 | **Introduce our youth to MTCA's City of Calgary neighbourhood contact** | One email introduction. The youth arrange and lead the meeting. | Very low |
| 2 | **Be the named applicant or partner on grants that need a registered non-profit** | Sign, and let the money pass through MTCA's account. **We write every application and report.** | Low |
| 3 | **Host college work-experience placements** | Named host on the placement agreement. **We supervise the students.** | Low |
| 4 | **Run one station on race day** | Two adult volunteers alongside our teen captain. **We supply props, script and training.** | One evening |
| 5 | **A letter of support** | Sign a one-page letter we draft | Very low |
| 6 | **Share our recruitment posts** | Repost in MTCA's newsletter or social media | Very low |

### What MTCA does NOT take on

- No cash request (cash is being sought from other partners)
- No payroll, no employer role
- No liability for running the event

### Why MTCA, and why now

- Some grants **favour or require** a community association as applicant
- The youth group isn't a legal entity, so MTCA's partnership unlocks funding
- Teens are the age group most missing from community life

## KEY DATES IF MTCA SAYS YES (college placements begin January; race day is late August 2027)

| Date | Opportunity | MTCA's role |
|---|---|---|
| **28 Oct 2026** | Jim Button Youth Grant (Youth Central), up to $2,000 | Non-profit partner for the youth applicants |
| **30 Oct 2026** | Good Places (Federation of Calgary Communities), $500–$15,000; community associations get priority | Named applicant (we write it) |
| **15 Dec 2026** | Ward 12 Community Event Fund opens for 2027 events | Named applicant (we write it) |

## THE CLOSING LINE

*"We're not asking MTCA to run anything. We're asking you to open a few doors: to the City, to funders, and to the colleges. Our youth will walk through them and do the work. And on race day, we'd love your name on one of the stations."*
